Joint Replacement Center

Because there's no replacement for you.

A Dedicated Joint Unit

- Nurses, therapists and certified nursing assistants who specialize in the care of joint patients
- 12 spacious private rooms designed to accommodate special rehab recliners and comfortable sleeper chairs for family members who will be encouraged to “room-in” during the recovery process

A Culture of Wellness and Early Patient Mobility

- Emphasis on group activities as well as individual care
- Daily newsletters to keep patients and coaches informed and let them know what to expect for the upcoming day
- Family and friends educated to participate as “coaches” in the recovery process

A Focus on Patient and Family Satisfaction*

- A Joint Care Coordinator who works with patients from beginning with preoperative education through their hospital stay and discharge
- A comprehensive patient guide for patients and family members to follow before and after surgery

**The Methodist Joint Replacement Center is ranked among the top 10% nationwide for overall quality of care. - Professional Research Consultants, Inc.*

Physician Excellence

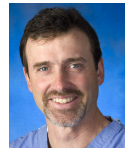

- The area's leading orthopedic surgeons participate in the Methodist Joint Replacement Center
- Every participating physician is board certified
